

Pivotal Cloud Foundry

Reshmi Krishna

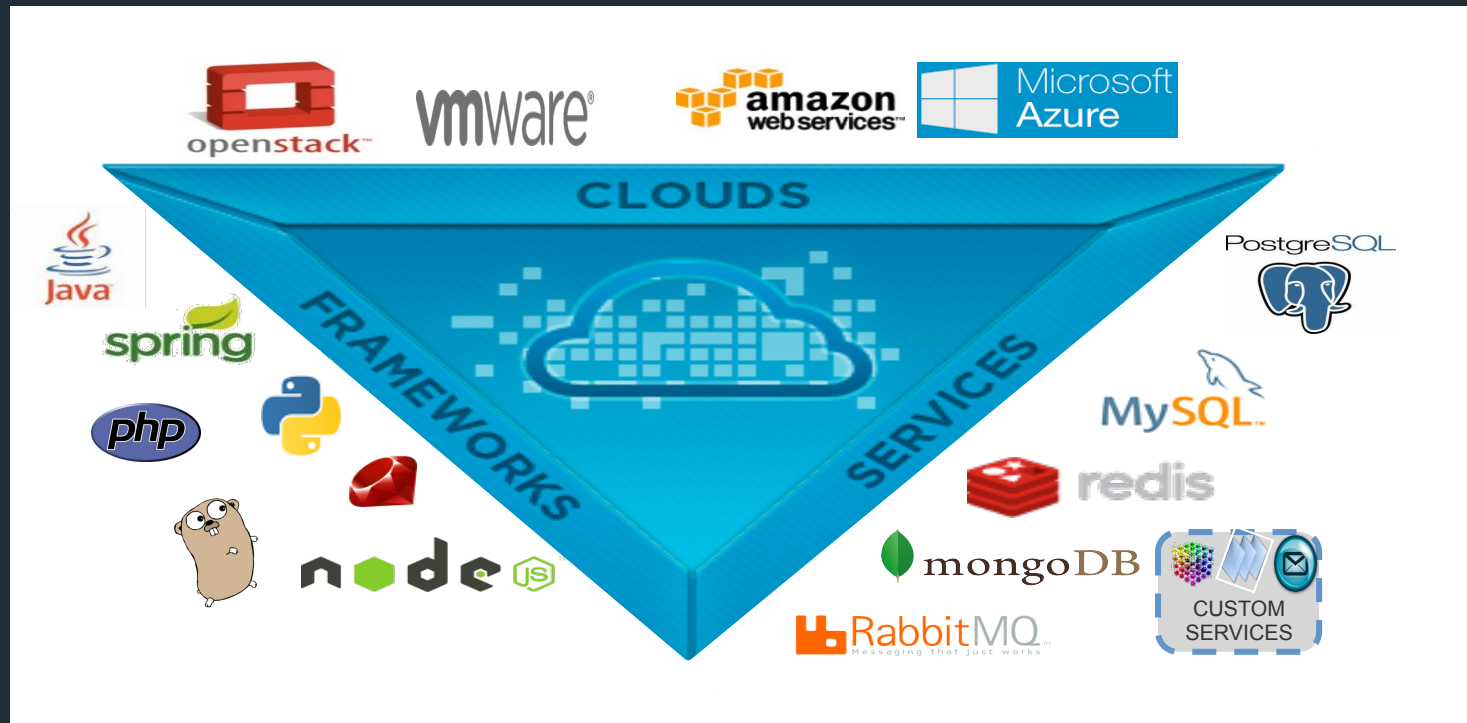

The Cloud Platform Evolution

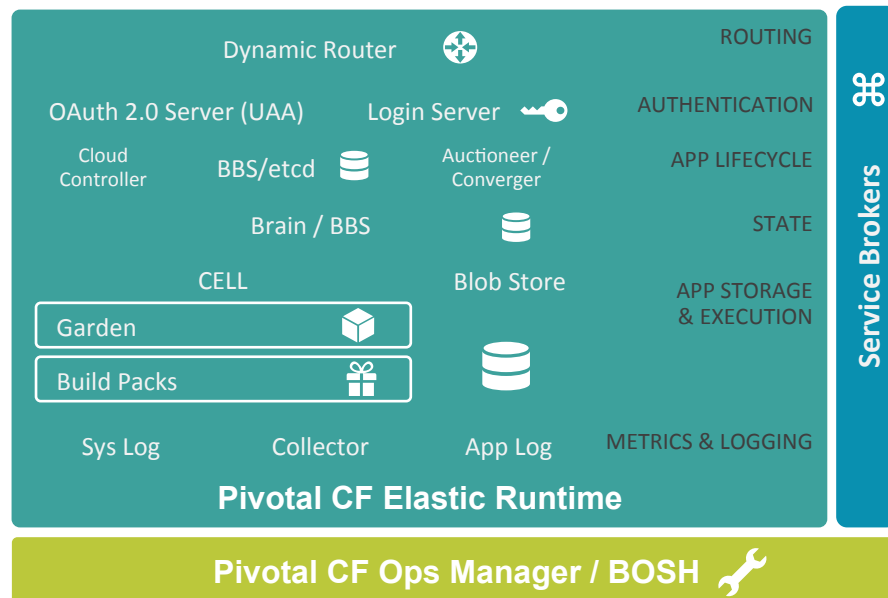

Pivotal™

The Open platform as a Service

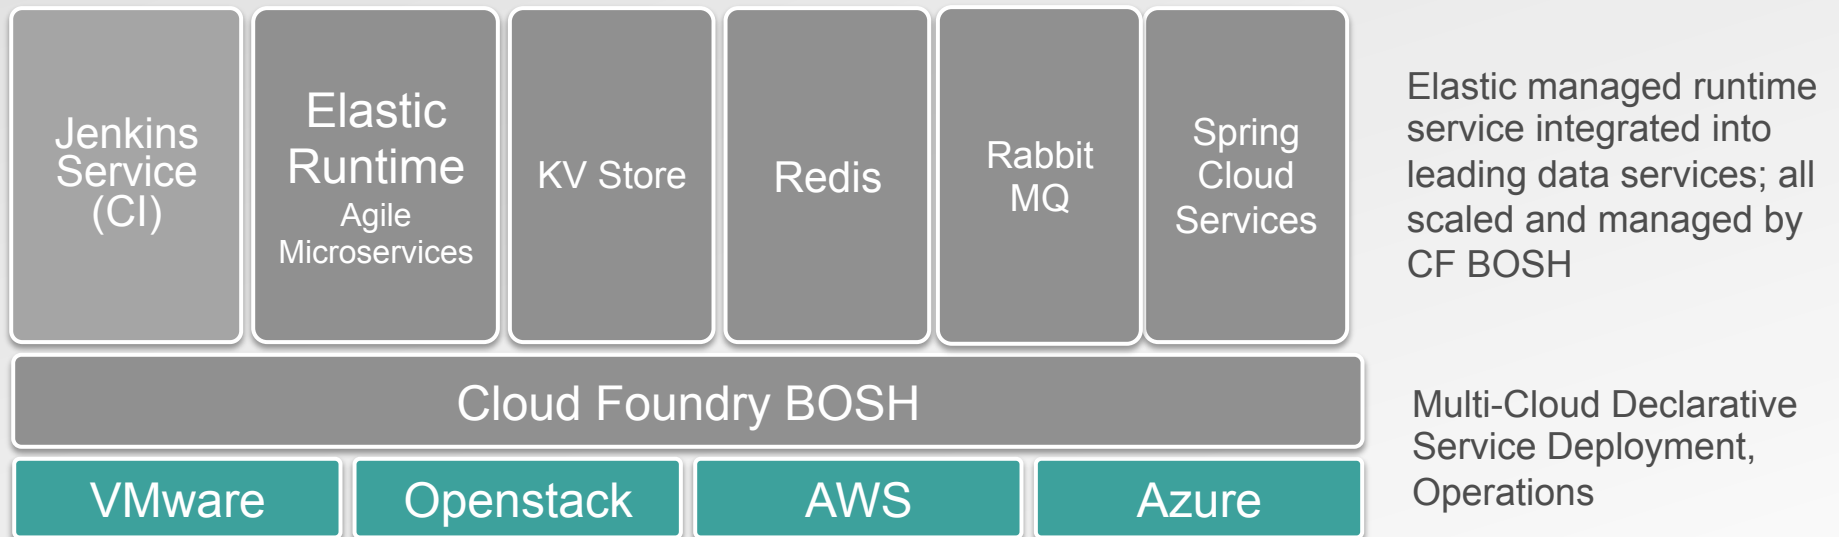

Elastic Runtime High Level Architecture

- Turnkey, fully automated Platform-as-a-Service
- Scalable runtime environment, extensible to most modern frameworks and languages running on Linux
- Instant expansion or upgrade with no downtime
- Deploy, scale and manage applications with bindable services using simplified semantics and APIs

Multi Cloud Platform : Cloud Foundry

Demo

- Apps Manager / Ops Manager
- Deploy an app
- Self Healing
- Scaling
- Marketplace
- Logging/Metrics
- Blue-Green deploy
